We'd love to hear more about the bride and groom! Examples of this include (please keep responses short and sweet 😊):

- What was their inspiration for their wedding styling
- What made them choose particular elements / vendors for their wedding and what made it special for them
- We always love to hear about the brides journey to finding her dream dress and also details on the bridesmaids outfits, particularly if they were found in a unique store etc.
- If the couple or family hand made any elements we love to hear the story behind that. Also if any original vintage elements were sourced, if finding those pieces have an interesting story do share!
